DEATH OF COL. C. M. DUFFEE

Called Away in the 51st Year of His Age.

Prominent in Business, Military and Secret Society Circles—Funeral Monday.

Charles M. Duffee passed away in death at 10:45 a. m. to-day, at his home, No. 535 West North street, in the 51st year of his age.

This announcement will be received with surprise and regret by the many friends of the deceased who had known him for 30 years or more in military, business and lodge circles. Mr. Duffee had been in poor health a number of months, but only until recently did his affliction assume a serious form. He was able to be out for a short time a few weeks ago, when he visited his place of business. The immediate cause of his death was tubercular peritonitis.

The deceased was born at Battle Creek, Michigan, March 3, 1843. He was a son of the late Nathan Duffee, who died in Decatur in 1875. His mother died in 1877. His brothers are Hon. B. K. Duffee, Illinois Insurance Commissioner; Capt. Geo. S. Duffee, and James H. Duffee. His only sister is Miss Jeanne Duffee. In the fall of 1869, Charles came to Macon county, and resided on a farm near Foreythe until his uncle, H. B. Duffee, became interested in the old Agricultural Works, when he became the book-keeper for the firm. Later he became associated with his brother George in the agricultural implement business, and has since been a member of the firm of George S. Duffee & Brother.

Socially the deceased was a very companionable man, and naturally he became a member of various secret orders. He was a member of Ionic Lodge No. 312, Masons of Macon Chapter No. 21, and of Beauxmouir Commandery No. 9, Knights Templar. He was a past eminent Commander of No. 9. He was also a member of Decatur Lodge No. 65, Odd Fellows, and a past chancellor of Occur de Leon Lodge No. 17, Knights of Pythias, although at the time of his death his membership was with Chevalier Lodge No. 189, K. of P. He was a member of the Endowment Rank, Pythian order. When Col. I. C. Pugh Camp, No. 14, Sons of Veterans, was organized the deceased was elected Captain, which position he held through several terms.

He was the first Captain of the Decatur Grenadiers, Illinois National Guard, and about ten years ago was elected Major of the Fifth Regiment, Second Brigade. Later he was elected Lieutenant-Colonel of the Regiment. He filled all positions with credit to himself and to the organizations and societies which he served. He had the office of city clerk in 1883 and in 1884, and was one of the best clerks Decatur ever had. Mr. Duffee never shirked any duty imposed upon him. He was always faithful in the performance of every trust, and his methodical habits, the correctness of his work as an accountant or as a commander of men in the lodge room or in the field, won for him the love and confidence of his fellow men.

Those who have been associated with Charles Duffee in the business affairs of life have always found him courteous and obliging, and straight in all his dealings. Mr. Duffee was a good and useful citizen. His death in the prime of his life will be generally deplored. He was a bachelor.

The funeral will be held from the residence Monday afternoon at 2:30 o'clock, and will be in charge of Beauxmouir Commandery, Knights Templar.

That Canning Factory.

The other day the REPUBLICAN mentioned the fact that Decatur would soon have a complete canning factory. It will be operated by a stock company with a capital of \$16,000. The parties directly interested are Young Bros. & Marie, H. C. Montgomery, Heston I. Baldwin and Mr. Hubbell, of Indianapolis. Other parties may take stock in the enterprise if stock can be had. It is proposed to have the factory in operation in the near future. The company will lease a building with railroad frontage, will employ 100 or more operatives, and can corn, tomatoes, etc.

Jack McWhinney Home.

Jack McWhinney returned home from the Soldiers' Home at Quincy last night. Jack has been quite sick at the Home and it was thought best to bring him back to Decatur, and his wife went to Quincy and returned with him last evening. Poor Jack is confined to his bed and would be glad to have his comrades call and see him, as they can. He is very weak, to cover.

Tax Spender & Lehman company have the exclusive agency for the celebrated Troy Carriage company's surreys, also for the Henney Buggy company's full line of goods. A full assortment of carriages, buggies, road wagons, etc., constantly on hand. Prices cheap and work warranted.

THE GRIP FOUND.

Fred Bartholomew's Property Returned and the Reward Paid.

The grip carried by Fred Bartholomew, traveling salesman for the Morehouse & Wells Co., which was stolen Thursday noon from a Vandalia passenger, was returned to the company this morning by J. W. Turner, of Boody. Mr. Turner, while in charge of a number of men this morning engaged in loading freight cars, was handed the grip by one of the men, who with another man found it in an I. D. & W. freight car, No. 86. Mr. Turner remarked that that grip is worth \$25, but the men laughed. The men who found the grip were William Burke and B. A. Thornhill. Then Mr. Turner related the circumstances to Messrs. Burke and Thornhill and volunteered to bring the grip to Decatur then and receive the reward. He delivered the grip in good shape. None of the contents were missing. The thief after stealing the grip from the Vandalia passenger discovered that the contents were of no value except to Mr. Bartholomew, and Morehouse & Wells Co., and placed it in an empty west bound freight car. Mr. Bartholomew is of course delighted to recover the property, and it contained among other catalogue one of his own make and it was quite valuable to him.

BURGLARS AT BEMENT.

A Monticello Man in Jail Charged With the Offense.

Burglars last night entered the Wash ticket office at Bement and stole from the money drawer \$14 or \$15 in change. A saloon in that town was also entered last night and a half-dozen bottles of whiskey and a traveling man's sample case of cigars were taken. Both burglaries were soon discovered by the Bement authorities and word was telegraphed to the Decatur police. Officers Horton and Haves at once went to the depot, and all incoming trains from Bement were watched. Two bums were arrested but proved by the trainmen that they were in Toledo last night, and were released. They stated that they were going to Brevier, Mo.

Detective Ballard received word this morning that a man from Monticello had been arrested in Bement and looked up a portion of the stolen goods being found in his possession. The Detective left for Bement on the noon train.

H. G. Allen for Collector.

In another part of this paper appears to-day the announcement of H. G. Allen, as a candidate for township collector. Everybody knows "Ed." Allen, and it is not necessary that we introduce him to the public in this notice. Ed. is a straight and vigorous Republican and has been chairman of his district for about 10 years, and is competent to fill the office to which he aspires, with satisfaction to everybody. He has never but once been a candidate for office, which was for member of the board of commissioners of highways, when he was elected and filled the office with credit to himself and friends. Ed. is a genial gentleman, and should he receive the nomination, he will make a vigorous campaign for himself and the entire township ticket.

Died at Springfield.

Conductor Bartlett, of the Wabash railroad, died this morning of pneumonia at the Springfield hospital. The deceased has been in the employ of the Wabash railroad for about 8 years, and up to several days was running as freight conductor between Decatur and Forrest. He was unmarried. He was very popular here amongst his associates.

THE LOSS AND GAIN.

Improvement in Business in Many Directions

PARTLY BALANCED BY LOSS IN OTHERS

Hindering Influence of the Uncertainty Still Surrounding Tariff and Financial Legislation—Comparative Statements.

New York, Feb. 10.—R. G. Dun & Co.'s weekly review of trade, issued today, says:

Improvement in business still appears in many directions, but it seems to be in part balanced by loss in others. The gradual gain which began some time ago, and which strengthened a little by the success of the treasury loan, has scarcely answered expectations. Reports of resumption of work continue to indicate that the industries are doing more than in December and yet the record of their actual gain is disappointingly small.

The marked increase which appeared in offerings of commercial paper in almost every market, and the accumulation of unemployed funds continues, so that interest will be paid at 2 1/2 per cent. The bank operation has not advanced stocks nor stimulated speculation and the lowest price ever known for wheat has been reached.

Doubtless the uncertainty which remains, with the tariff yet in the senate and currency measures of importance pending in the house, has some hindering influence, but there is still seen an increase in the demand for many kinds of goods because of the exhaustion of the stock in the hands of the dealers by a consumption which though less than usual, is nevertheless more than in any other country.

Crop reports were expected to cause a great advance in wheat, but the price has dropped to 6 1/2 cents cash, the lowest point ever known in this market, and both here and at Chicago, 2 1/2 cents wheat has gone lower than ever. Receipts have been larger at the west—1,000,000 bushels against 2,100,000 for the same week last year—while Atlantic exports are not a third of last year's.

Stocks in sight diminish little, and are so great that bankers after their trying experience last spring are not in haste to carry them for speculators. The fall for the week was about 2 cents, with sales of 5,000,000 bushels in one day and 14,000,000 for the week. Sales of corn were small, and the price declined less than a cent, though western receipts were 4,147,000 bushels, against 2,558,244 last year.

Hog products and coffee were substantially unchanged. Cotton rose a sixteenth in spite of visible stocks exceeding half the world's consumption for a year, and a decrease of 20 per cent. compared with last year in the west.

On neither side, rather than the facts of supply and demand, govern the present.

The volume of domestic trade does not materially increase, exchanges indicating a decline compared with last year of 10 per cent. elsewhere and 34.9 per cent. at New York.

The earnings of railroads in January were 12 per cent. smaller than last year, the decrease rising from 8 1/2 per cent. for the third to 15 1/2 per cent. for the last week of the month, the loss being 147 in trunk lines, 124 in southern, 14 in granger roads, 24 in other western and 12 in southwestern roads.

In west-bound tonnage the decrease in January was 21 per cent. Poor earnings and a prospect that the decline may continue, rather than any financial event, caused the average of railroad stocks to fall 3 1/2 cents per share, and the average of trust stocks fell 1/4 cent. The latest figures, however, show an increase in the volume of business, and information about the taxes, controlling the market, shows that some foreign sales of railway stocks, but bonds were in good demand.

The production of pig iron in February was 1,000,000 tons, against 900,000 in January, 1,000,000 in December, and 1,000,000 in November. The output was slightly less in January than in December, but the increase in stocks is only 100,000 tons, against 100,000 in December, so that consumption in the month was increased not quite one-half per cent. though 48 per cent. less than a year ago.

There have been large sales of steel billets, hitting the price to 10 1/2 cents at Pittsburgh, and a better demand for pig iron, with the price of the latter advanced to 10 1/2 cents. Philadelphia notes larger transactions and improvement appears at Chicago.

The market for tin is dull at 10 1/2 cents, and lake copper is quoted at 20 1/2 cents, but lead is stronger at 14 1/2 cents. The decrease in shipments of boots and shoes from Boston for the week was only 14 per cent., but trading runs so largely to low-priced goods that in value the decrease is not so great.

Textile manufactures are gaining a little. Inquiry discloses larger stocks of cotton goods held by dealers than was supposed, and quite a large proportion of mills are likely to close before long. Orders increase, but the number reported starting is small, and the times the number reported closing. Sales of wool were larger last week, 6,778,000 pounds, against 6,850,000 last week, and the markets were all more active, but in general the trade is extremely cautious. Recent sharp reactions in cotton goods have not brought out the increase of sales, resulting in better prices than any anticipated.

Foreign trade does not improve, domestic exports as last fall below those of the corresponding week last year, though for the year thus far the increase is 7 per cent., while the imports are 40 per cent. less than last year.

Profits for the week have been 35 in the United States, against 35 last year, and 60 in Canada, against 41 last year, several being of more than ordinary importance.

TROUBLES IN TURKEY.

Minister Terrell Demands the Release of Armenian Citizens.

PARIS, Feb. 10.—The Temps has this dispatch from Constantinople: Alexander W. Terrell, United States minister, has demanded the immediate liberation of two Armenians, who are American citizens, and are imprisoned in Iskandemir, northern Syria. He has threatened, in the event of a refusal, to send an iron-clad to Iskandemir.

Serious riots have occurred in the Angora district and 200 cavalry have started from Constantinople for Ugral. The populace of Amasia, on the Yesilkirmak, broke into the jail recently and freed several Armenian prisoners.

Sivas and Caesarea have also been disrupted. Serious placards have been displayed in both cities and the authorities have arrested many persons, including seventeen Armenians, who plotted to massacre the Christians.

Twenty-five Years a Soldier.

BERLIN, Feb. 10.—Emperor William yesterday celebrated the twenty-fifth anniversary of his entry into the army, which, in accordance with the custom of his family, he was made lieutenant on reaching his 10th year.

FIFTY-THIRD CONGRESS.

(First Session.) HOUSE.

WASHINGTON, Feb. 9.—After a little time spent in ascertaining as to whether or not there was an actual democratic caucus present when the Bland sealor bill was taken up (which question was finally disposed of by the discovery that though one member was recorded as voting who was not present, several other members who were present and voted were not recorded), the house went into committee of the whole for the further consideration of the sealor bill. Mr. Bland concluded his remarks. The other speakers were Mr. Stone (rep. Pa.), against the bill; Mr. McKelgan (ind. Neb.), in its favor; Mr. Harter (dem. O.), in opposition, and Mr. Kilgore (dem. Tex.), in advocacy of it. The house adjourned until to-morrow.

Failed to Agree Upon a Report.

WASHINGTON, Jan. 10.—The house committee on the judiciary yesterday discussed, without reaching an agreement, the resolution of Mr. McLean (dem. Ill.), providing for an investigation of the conduct of Judge Jenkins in order to ascertain whether or not there is sufficient grounds for his impeachment.

When the resolution reached the committee it was referred to a subcommittee, consisting of Messrs. Boatner, Terry and W. A. Stone, for consideration. Since the subcommittee received the resolution, Mr. Stone has been away and Messrs. Boatner and Terry have been unable to agree on a report.

When the committee met yesterday Messrs. Boatner and Terry reported that they could not agree, and asked the full committee to take charge of the matter. The committee discussed it until adjournment, but reached no conclusion.

Some members wanted to go ahead and investigate the matter on the information contained in the resolution and its preamble. Others favored calling witnesses, while others wanted to refer the matter to the house and get the authority of that body for the proposed inquiry. After the discussion the resolution was recommitted to the subcommittee. Mr. Stone is expected back to-day, and it is believed that the subcommittee will reach some agreement before the meeting of the committee next week.

Filed His Answer.

WASHINGTON, Feb. 10.—Commissioner of Pensions Lochren yesterday filed his answer in the case of Judge Charles D. Long, of Michigan, upon an order from the supreme court of the District of Columbia, issued January 31 last, requiring the commissioner to show cause why he should not be restrained and enjoined from proceeding further against Judge Long under the notice given him on January 5, 1894, to produce additional proofs as to his rights to a pension of \$75 per month, or from reducing or attempting to reduce or from modifying or disturbing the pension.

Commissioner Lochren admits the wounds received by Judge Long, but denies that he is thereby incapacitated from performing any manual labor and avers that he cannot lawfully act as commissioner of pensions, upon said statements when not duly certified to him by the medical examination according to the statutes.

Paying Off Deferred Obligations.

WASHINGTON, Feb. 10.—With money on hand, derived from the sale of bonds, the treasury department is beginning to pay some of its deferred obligations. Sugar bounties to the amount of \$11,500,000 have been awaiting payment for some time. These are now being paid at the rate of \$100,000 a day, the amount paid so far aggregating \$1,500,000. The amount estimated by Commissioner Miller of \$12,000,000 for sugar bounties for this year, it is said, will be found too low. The total may reach \$13,000,000 when all the returns of production are received.

In Conference with Secretary Carlisle.

WASHINGTON, Feb. 10.—Senator Voorhees, chairman of the senate finance committee, and Senator Jones, chairman of the senate subcommittee of the finance committee having the Wilson bill in hand, had an extended conference with Secretary Carlisle at the treasury department yesterday morning, on the general subject of the tariff.

Secretary Hamlin will, within the next few days, go over every detail of the administrative features of the tariff bill as it passed the house.

Pardons and Commutations by the President.

WASHINGTON, Feb. 10.—The president has pardoned L. C. Snedeker and J. C. Ostler, convicted in Utah of polygamy, and S. A. Loughbrough, convicted of violating the postal laws in New Mexico. The sentence of Richard Ratcliffe, convicted in Arkansas of perjury, is commuted to one year's imprisonment. In the case of S. E. Kennedy, convicted of falsifying the records of the Omaha national bank, the sentence is commuted to two years and six months.

The Lucky Bidders for Postmen's Uniforms.

WASHINGTON, Feb. 10.—The postmaster-general will award the contract for furnishing letter carrier uniforms, bids for which were recently opened at the department, to Fehmer Bros. & Co., of Cincinnati, and Oehm & Co., of Baltimore, who will divide the country between them, the price averaging about \$26 a suit. There were fifteen other bidders.

Point Works Burned.

COLORADO CITY, Col., Feb. 10.—The entire plant of the Ute Pass paper works, the largest of the kind west of the Missouri river, were burned yesterday morning. The machinery and buildings were valued at \$150,000, upon which was \$200,000 insurance. The company had been in the hands of a receiver since August, but he was to have been discharged in about ten days. The owners are J. B. Wheeler, C. M. Rice and A. L. Humphrey.

A SUDDEN SUMMONS.

Congressman Houk, of Ohio, Falls Dead

WITHOUT A MOMENT'S PREMONITION.

After a Busy Day in the House and in the Interstate Commerce Committee, of Which He Was a Prominent Member.

WASHINGTON, Feb. 10.—George W. Houk, representative from the third district of Ohio, dropped dead at 4:30 o'clock yesterday afternoon while visiting at 1827 Connecticut avenue, in this city.

Judge Houk had arrived at the residence about 4 o'clock or a little thereafter, and from the statement made by Mrs. Christman, who was in the parlor with the judge at the time, he was walking up and down the floor eating an apple. He had just reached the front window and was looking out upon a scene and slid to the floor, helpless.

Doctors were immediately summoned, and when they arrived they applied electrical apparatus and used all means in their power to resuscitate the stricken congressman, but without avail. Mr. Houk's wife, who was immediately summoned, arrived at the house, accompanied by a lady friend, shortly after 5 o'clock.

Judge Houk was apparently in the best of health yesterday morning. He visited the house of representatives and attended a meeting of the interstate commerce committee, of which he was a prominent member. He was on the floor of the house during the session about an hour, and then left the capitol and repaired to his residence at 1831 I street N. W. He remained at his residence for some time and with his private secretary, Louis G. O'Leary, read over and revised a recent speech on the tariff preparatory to having it printed in pamphlet form.

Judge Houk's body has been placed in the hands of Undertaker Gawler, Speaker Crisp has been notified of his death.

Judge Houk was 60 years of age, having been born in Cumberland county, Pa., September 25, 1825. He removed when two years of age with his father to Ohio, and settled at Dayton, where he has resided ever since. He chose the law for a profession, and formed a partnership with Hon. Peter P. Lowe. In 1860 he was a delegate to the famous Charleston-Baltimore convention as a supporter of Douglas, and from that time on was active in democratic politics. He was first elected to the fifty-second congress, and was re-elected to the fifty-third as a democrat, defeating in his last election Donley, a republican, by 4,800 votes.

Judge Houk leaves a widow, one son and two daughters. All his children are married.

Final arrangements have not been completed for the funeral, but the wishes of Mrs. Houk in that respect will, of course, be deferred to.

YESTERDAY'S GALES.

Damage Wrought in Indianapolis and Vicinity.

INDIANAPOLIS, Ind., Feb. 10.—This city was swept by a severe windstorm yesterday. Buildings shook and everything loose was driven on before the gale with threatening velocity. Little damage was done here, but the reports from the state show that ruin is strewn in the path of the wind.

From the counties north and east of Indianapolis comes the report that houses were unroofed, fences blown away, and in some places stretches of forest trees are laid flat.

At Wood, D. H. Havens was lifted from the top of a low building and pitched to the street on his head. He is not fatally injured.

Damage to property occurred at Marion, Peru, Logansport and Kokomo, where roofs were sent hurling through the night, but no casualties were reported. Great trouble in telegraphic and telephone communications is the result of a general overthrow of the wires in all directions.

Developed Into a Regular Cyclone.

MICHIGAN CITY, Ind., Feb. 10.—What seemed to be a cyclone passed over this city at about 2 o'clock yesterday morning. It was preceded by a thunder shower. Then a funnel-shaped cloud formed over the city and passed northward with a muffled roar. At the northern outskirts of the town the funnel dropped suddenly eastward and sweeping a path through a lumber yard, carrying boards and debris of every description, it passed over the Michigan Central & Monon freight yards, lifting half a dozen cars from the track and wrecking them. After this it sped in a northeasterly direction over the hills on the lake shore, uprooting trees in its path, and then disappeared over the lake.

PLAYED A LONE HAND AND WON.

A Southern Pacific Passenger Train Held up and Robbed.

CARSON, Nev., Feb. 10.—Last night when the Southern Pacific passenger train was about a half a mile from the city it was boarded by a masked man, who broke in the door of the Wells-Fargo express car with a sledge hammer and held up the express messenger, taking a box of coin which the railroad paymaster was sending to Reno to pay employees. The box contained nearly \$5,000. After robbing the car he started off in the dark, the messenger losing sight of him before he could give an alarm. The train was backed to town, the alarm was given and a posse started in pursuit.

Florida has 3,156 boys to school, and 3,164 girls, or a total of 6,320.

The French Operations Near Timbuctoo.
PARIS, Feb. 10.—The Debats gives
details brought by the members of
the nomad tribe known as Tuaregs,
of the massacre of the French
force near Timbuctoo, the first re-
port of which was received Thursday
at the colonial office from the governor
of Senegal. The Debats says that the
force defeated was the column which
recently occupied Timbuctoo. It was
commanded by Col. Bonnier, com-
mander of the French force of the
Upper Niger.
The secretary of the colonial de-
partment yesterday afternoon received a
telegram from St. Louis, Senegal,
stating that Col. Bonnier and eleven
other officers and 230 privates were
massacred by the Tuaregs.
The Siecle states that the govern-
ment intends to hold Timbuctoo, and
has ordered that reinforcements be
sent for that purpose.
**Conflicting Reports of the Number
Killed.**
PARIS, Feb. 10.—Conflicting reports
as to the number of French troops
killed near Timbuctoo are being re-
ceived. Yesterday evening it was
stated that seventy instead of 301,
men were massacred.
**Dr. Schoenlank on the German Post Office
Administration.**
BERLIN, Feb. 10.—The reichstag yester-
day discussed the post office admini-
stration. Dr. Schoenlank, social demo-
crat, made a severe attack on Dr.
Stephan, secretary of the post office
department. He accused the imperial
administration of stagnation, while,
he declared, the administration of
Wurtemberg, thanks to the separate
rights enjoyed by that kingdom,
marched ahead of the imperial govern-
ment in the matter of postal reforms.
It was this reason, he thought, that
caused the same official press to attack
Wurtemberg. The imperial post office
department, he declared, was worse
than an ordinary capitalistic enter-
prise. It employed over 60,000 persons
who received salaries of two or two
and a half marks daily.
Death of a Celebrated Diplomat.
MUNICH, Feb. 9.—Ludwig Freiherr von
Werther died here yesterday.
Werther was born in Koenigsburg in
1809. The Prussian government ap-
pointed him minister to Switzerland in
1842, to Greece in 1844, to Denmark in
1849, to Russia in 1854, and to Austria
in 1859. He took an important part in
drafting the treaty of Prague, and in
1869 was sent to Paris as ambassador
of the North German union. He was
sent on a special mission to Constanti-
nople in 1874, and was retired in 1877.
**Sailed for the Rescue of the Kearsarge's
Crew.**
COLON, Feb. 10.—The steamer City of
Para sailed at noon yesterday for Bon-
cador reef, to take aboard the officers
and crew of the Kearsarge, which went
on the rocks last Friday.
As Boncador reef is about 300 miles
from this port, the City of Para prob-
ably will not be back before Sunday
afternoon.

**SALE CONTINUED TEN DAYS LONGER.
POSITIVELY CLOSES FEB. 20, 1894.**

LOOK HERE! We are going to get \$2500 extra money out of our stock and into our bank account within ten days. We are going to do it for the reason that we are going to cut prices to the quick and sell for cash only during the next ten days the highest grade shoes out of the best and cleanest goods we have in the house at the following unheard of prices:

274 pairs of fine coltskin shoes, made by the celebrated firm of Strong & Carroll, East Weymouth, Mass. This shoe is known over the city as a most stylish, durable shoe, easy on the foot of the wearer, perfect in fit, faultless as to style, the best all-round shoe for gentlemen in the city—in short, my celebrated French, Coltskin shoe. It has sold for \$6 per pair, but I want the money out of them. They cost \$5 at the factory but I want the money out of them so bad that I will sell all the present stock at **\$3 50** per pair. Of course I cannot afford to send and get sizes at this price. This price goes for ten days only, and is only on the goods now in stock. Come at once if you want to be sure and get your size and style.

These shoes are hand-sewed, double sole and half double sole, Lace or Congress, sizes run from 4 to 11, widths run from C to E, in French, new square and Paris toes.

Sixty-six pairs of Kangaroo shoes, in Lace and Congress, hand-sewed, made by the same people, in tip and plain toes, all fresh and stylish goods, sizes from 5 to 10, and widths from C to E, made to sell at \$6 and worth the money, but come and get all these if you want them at only **\$3.50** per pair. I am not asking for anything but money and I am going to get it if sacrifice prices can make you buy.

Our other shoes for men's wear will be sold at the net cost of eastern manufacturers. We cannot afford to make any such large cut because there was no original high cost to start from; everything, however, will be cut to the quick.

Four hundred and twenty pairs of Ladies' Fine High Grade \$5 Shoes. These are made by the best manufacturers in the cities of Syracuse and Rochester, New York. Such factories as Harry Gray's Sons, Wright & Peters, Curtis & Wheeler.

We have all the widths and sizes, all the styles that you can call for. They are hand-turned shoes and were made to sell at \$5. The special attention of ladies who wear narrow width shoes is called to this sale. We are going to clean out this entire line at **THREE DOLLARS** per pair, and this is less money than I can buy them for at the factory when I seek to replace them. The remainder of our line of Ladies' Shoes will be sold at the manufacturer's first cost.

No goods sent out on approval during this sale. All shoes at these prices must be fitted on at our store room.
